

# GNS SPORTS

## Introduction

‘GNS Sports’ was the brainchild of Graham Nicholas (Qualified PE Teacher and UEFA` A licensed Coach), who realised that there was a need for a new approach to the teaching of Multi-Sports and Multi-skills to children of Infant, primary and secondary school age.

‘GNS Sports’ implements all of the professional standards which parents and others would wish to see, including those set by the F.A.; The Children Act (1989), RIDDOR; and The Data Protection Act (1998).

The outcome is that children are guaranteed a fun, educational opportunity, in a safe environment, by a qualified PE Teacher and specialist sports coaches and where all children are assured of total inclusion, reflecting ‘GNS Sports’ philosophy of the ‘Golden Player’.
